Please fill out and return this form when cancelling an individual parker, but keeping the actual parking space on the account. We will then remove this customer's information from the file so they are no longer marked as an active parker.

As soon as a new individual is assigned to that space, please have them fill out a new agreement and return it to us as well.

These changes or alterations can be made at any time, since the space will still be kept on the parking account.

The Park Waterloo Office is located in the Commercial St. Ramp at the exit, next to the cashier booth.
